

Penguin Photo Frame

Template and Instructions

Materials

Penguin Photo Frame Template

Craft Foam

Scissors/Craft Knife

Black Marker

Glue

Instructions

Step 1 - Cut pieces from the template.

Step 2 - Transfer shapes to craft foam and cut out. Visible marks on the craft foam may be avoided by placing the template shapes face down on the foam while tracing them. The opposite side will be the one that you will see.

Step 3 - Position white piece on black piece and glue in place.

Step 4 - Cut photo display area with craft knife.

Step 5 - Cut eyes out of template with craft knife, and position template on white piece to color the eyes with a black marker.

Step 6 - Glue beak and feet.

Step 7 - Mount photo to your frame.

Black Body
